programs in the health care field: Dental Hygiene, Health Care Management, Mortuary Science and Funerary Service, Physical Therapist Assistant and Radiologic Sciences. Join us for an in-depth information session about the fast-growing industry and how we can help you find the career best suited for you!

The School of Architecture has been laying the foundation for success with bachelor's degree programs in Architecture, Interior Design, and Fashion Design and Merchandising. Stunning portfolios emerge from a friendly and innovative studio culture preparing graduates for entry into high level positions in their chosen careers. Join us for an in-depth information session to learn more about how the School of Architecture can help you draw up the plans for your professional career!

4 School of Information Systems and Applied Technologies
ASA Building, Room 106
Available upon request, see department tables during Academic College Fair from 10-11am to sign up.

The nationally recognized Automotive Technology department is known for the sustained development of high quality graduates and leaders of the automotive, truck, coach, ground equipment, power generation, and related industries. The program features more than 120 training vehicles, practical hands-on technical training, and industry-focused business/management coursework, all provided in our state-of-the-industry Transportation Education Center. Take a tour of the nation's premier automotive technology program and see how SIU is helping drive the industry and our students forward.

College of Applied Sciences and Arts
School of Allied Health
Available upon request, see department tables during Academic College Fair from 10-11am to sign up.

The College of Business is one of the fastest growing colleges on campus. Join us for an in-depth discussion with faculty, staff and current students to learn about academic programs and services available exclusively to business students.

College of Education and Human Services
Sign up 10am-11am at department tables during the Academic College Fair. Departmental Showcases will vary by department location.

We’ll introduce you to our hands-on learning labs and present exciting academic/professional opportunities in: Early Childhood, Elementary Education, Secondary Education, Special Education, Public Health, Recreation Professions, Exercise Science, Rehabilitation Services, Social Work, Sport Administration, Workforce Education & Development, Behavior Analysis & Therapy, Communication Disorders & Sciences.

College of Engineering
Engineering Building, A Wing, Room A-131
The College of Engineering is one of the fastest growing colleges on campus. Join us for an in-depth information session to learn about our majors. Check out our award-winning, student-built moonbuggy, or one of our other student projects, and take a tour of our college to see how engineering students get hands-on experience at SIU.

College of Liberal Arts
School of Art and Design
Allyn Building, Room 103
The School of Art and Design conducts tours of its facilities as interest warrants. Please see a representative at the Art and Design table to arrange yours!

College of Science
Student Services Building, Room 170
The College of Science is dedicated to the study of the biological, physical, and informational worlds. The innovative research of our faculty and students today will lead to advancements tomorrow. Visit our showcase to discover how to be successful as a science student and how to train as a future science professional.

College of Agricultural Sciences
Agriculture Building, Room 209
Come see why the College of Agricultural Sciences should be your next home! Learn more from faculty, staff, and current students about all the college has to offer. Our Living Learning Communities, classes, labs, and of course our 2,000 acre on-campus farm system are just a few topics that will be discussed!

Department of Economics
Foner Hall, Room 4121
Come try a data science activity that uses economic data and cutting-edge software to predict the income benefits of going to college. Our world-renowned faculty train students to explain and predict market outcomes, and regular economic coursework can be paired with real-world economics internships and engaging student interactions via the Economics Club and Blockchain Economics Club. Generous scholarship money, for economics majors, is a bonus, as is a bachelor’s plus master’s fast-track combined college degree in economics.

Department of Psychology
Life Science II, Room 285D
The Department of Psychology is one of the strongest and most diverse programs on campus. We offer a wide range of courses and choices for students with varied interests and career plans. Come meet students and faculty excited to tell you more about the programs and opportunities for you in Psychology at SIU.

College of Mass Communication and Media Arts
Communications Building, Room 1046
Enter through McLeod Theater Entrance (South)
Come learn about majors in the College of Mass Communication and Media Arts from our own faculty and students. You will learn about classes, student involvement opportunities, internships, resources, and more. Ask current students questions during the student panel, explore our studio spaces and media labs, and mingle with professors as you come to see why our college is right for you.
