Financing Your Future – Find out more about our merit-based scholarship program and how to apply for financial aid.

Opportunities for Transfer Students – Whether you are considering attending a community college before SIU or currently a student at a community college, this session will help you learn more about transfer-specific admissions and enrollment processes. Find out about scholarship and financial aid opportunities. Learn about transfer pathways and maximizing your time at community college. Although all transfer students are welcome to attend, those who are admitted to SIU would benefit more from meeting one-on-one with an admissions coordinator.

Student Life and Campus Engagement – We are committed to helping SIU students reach their full potential while being participants in a dynamic, engaging and inclusive environment. Dean of Students staff will describe programs and services that help students make a smooth transition to campus life and to remain successful students all the way to graduation.

Living On Campus – Learn about University Housing, Living Learning Communities, involvement and leadership opportunities; our comprehensive dining program, the SIU Housing policy, contract steps and more!

Salukis Abroad – Yes, the core of your SIU experience will be in Carbondale, but you also have the opportunity to study abroad in more than 50 countries. Come learn about the rich variety of experiences available to you overseas including study, research and internships. We have options from two weeks to an academic year.

Coming Soon for a Saluki Near You: Your Preview of New Student Orientation – Future students, family members and guests are invited to attend this engaging presentation about the next steps in becoming part of the Saluki family. Learn about New Student Orientation (NSO) including what to expect when you attend, how to make a reservation for your NSO date, an overview of the program, academic advisement and class registration and more. Students: discover how NSO will help you meet new friends, prepare for academic success, and find your place in the SIU community. Family members and guests: ask questions about the transition process, find out what NSO can provide for Saluki supporters and learn about special programs just for you; including family/guest sessions at NSO, the Saluki Family Association and our Junior Saluki Experience for younger Salukis (entering 5th-12th grades).
EVENTS SCHEDULE

STUDENT SERVICES FAIR

ACADEMIC COLLEGE AND DEPARTMENTAL SHOWCASES

Showcase Instructions

• Please visit the college/departmental table at the Academic College Fair between 10 and 11 a.m.
• Verify the meeting place for the showcase with the college department representative.

1 College of Agricultural Sciences
Agriculture Building, Room 209
Come see why the College of Agricultural Sciences should be your next home! Learn more from faculty, staff, and current students about all the college has to offer. Our Living Learning Communities, classes, labs, and of course our 2,000 acre on-campus farm system are just a few topics that will be discussed!

2 College of Applied Sciences and Arts
School of Allied Health
Available upon request, see department tables during Academic College Fair from 10 -11 a.m. to sign up.
The School of Allied Health offers a wide variety of programs in the health care field: Dental Hygiene, Health Care Management, Mortuary Science and Funeral Service, Physical Therapist Assistant and Radiologic Sciences. Join us for an in-depth information session about the fast-growing industry and how we can help you find the career best suited for you!

3 School of Architecture
Quigley Hall, Room 119
The School of Architecture has been laying the foundation for success with bachelor’s degree programs in Architecture, Interior Design, and Fashion Design and Merchandising. Stunning portfolios emerge from a friendly and innovative studio culture preparing graduates for entry into high level positions in their chosen careers. Join us for an in-depth information session to learn more about how the School of Architecture can help you draw up the plans for your professional career!

4 School of Information Systems and Applied Technologies
ASA Building, Room 106
The School of Information Systems and Applied Technologies represents an emerging field of technology specialists ready to tackle the high demands of an increasingly network-oriented world. Find out about the Security Dawgs, our championship cybersecurity team. Come join us for an in-depth information session to find out why our entrepreneurial graduates are situated to obtain some of the best technology jobs on the market.

5 Department of Automotive Technology
Transportation Education Center
545 N. Airport Rd, Murphysboro
The nationally recognized Automotive Technology department is known for the sustained development of high quality graduates and leaders of the automotive, truck, coach, ground equipment, power generation, and related industries. The program features more than 120 training vehicles, practical hands-on technical training, and industry-focused business/management coursework, all provided in our state-of-the-industry Transportation Education Center. Take a tour of the nation’s premier automotive technology program and see how SIU is helping drive the industry and our students forward.

6 College of Business
Rehn Hall, Room 326, West entrance
Internationally accredited, the College of Business provides a vibrant and innovative educational experience for students. We are committed to the highest standards of excellence in pursuing three core academic functions of teaching, research and service. Please join the College of Business for a one-hour discussion with faculty, staff and current students to learn about academic programs and services available exclusively to business students.

7 College of Education and Human Services
Sign up 10 a.m.-11 a.m. at department tables during the Academic College Fair.
Departmental Showcases will vary by department location.
We’ll introduce you to our hands-on learning labs and present exciting academic/professional opportunities in: Early Childhood, Elementary Education, Secondary Education, Special Education, Public Health, Recreation Professions, Exercise Science, Rehabilitation Services, Social Work, Sport Administration, Workforce Education & Development, Behavior Analysis & Therapy, Communication Disorders & Sciences.

8 College of Engineering
Engineering Building, A Wing, Room A-131
The College of Engineering is one of the fastest growing colleges on campus. Join us for an in-depth information session to learn about our majors. Check out our award-winning, student-built Moonbuggy, or one of our other student projects, and take a tour of our college to see how engineering students get hands-on experience at SIU.

9 Department of Criminology & Criminal Justice
Panther Hall 1526 (University Museum Auditorium, North End of Panther Hall)
The Department of Criminology and Criminal Justice at Southern Illinois University is one of only approximately 45 programs in the country to offer B.A., M.A., and Ph.D. degrees in the field. Join us for an information session, meet faculty and students, and learn how SIU Criminology and Criminal Justice can help you!

10 Department of Psychology
Life Science II, Room 285D
The Department of Psychology is one of the strongest and most diverse programs on campus. We offer a wide range of courses and choices for students with varied interests and career plans. Come meet students and faculty excited to tell you more about the programs and opportunities for you in Psychology at SIU.

11 College of Mass Communication and Media Arts
Communications Building, Studio A
Come learn about majors in the College of Mass Communication and Media Arts from our own faculty and students. You will learn about classes, student involvement opportunities, internships, research, resources, and more. Ask current students questions during the student panel, explore our studio spaces and media labs, and mingle with professors as you come to see why our college is right for you.

12 College of Science
Neckers, Room 240
The College of Science is dedicated to the study of the biological, physical, and informational worlds. The innovative research of our faculty and students today will lead to advancements tomorrow. Visit our showcase to discover how to be successful as a science student and how to train as a future science professional.

13 Exploratory Student Advisement
Student Services Building, Room 170
Exploratory Student Advisement (ESA) is the academic home for students who are in the major exploration and decision-making stage of their college careers. ESA offers students the opportunity to explore academic and career options while fulfilling core curriculum requirements. Academic advisors in ESA work with Career Services staff to help students find careers that suit their interests and strengths and the majors that will get them there. Students in ESA engage with their academic advisors to develop plans that will take them from where they are to where they want to be. Come learn why we say, “Graduation starts today with ESA!”
