To be considered for the greatest number of scholarships, including departmental awards, students must first be admitted to the university and then complete the General Scholarship Application by the priority deadline of December 1 each year. Transfer students are encouraged to complete the General Scholarship Application one year in advance of their term of entry. Please note that most scholarships are awarded only to fall-entry students.
2023-2024 COSTS
Tuition and fees: $13,244
On-campus housing and meals: $12,114
Books, supplies and other expenses: $4,051
Student Health Insurance: $2,278*
*Already covered? Provide proof of current insurance to opt out.

NOTE: These are estimated costs. The financial aid office will help determine your specific costs and help you obtain all the financial aid and scholarships available to you.

TRUTH IN TUITION
Transfer students’ SIU tuition rate will be guaranteed for 48 months from their date of matriculation. For information on Truth-in-Tuition: tuition.siu.edu/truthintuition.html

LEGACY ALTERNATE TUITION RATE
New freshman or transfer undergraduate students whose parent(s) or legal guardian(s) are SIU Carbondale graduates are eligible for a 20% discount on their tuition. Visit siu.edu/legacy for more information.

SIU FAFSA Code: 001758

SALUKI TRANSFER COMMITMENT
The Saluki Transfer Commitment is our pledge that all new transfer students who meet certain criteria are guaranteed that tuition and mandatory fees* will be fully covered for four consecutive semesters at no cost to students or families. *for 15 hours per semester

RECIPIENTS MUST MEET ALL OF THE FOLLOWING CRITERIA:• Be a first-time incoming transfer student enrolling full-time in the fall 2021 semester or later.
• Have a GPA of 2.0 (as calculated by SIU grading policies) with 12 or more transferable credits.
• Have an annual family income less than $103,040 with assets less than $50,000 based on your FAFSA.
• Be an Illinois resident who attended an Illinois high school.
• Be a dependent student under age 24.
• Be eligible for Federal financial aid.

Apply by May 1

ACADEMIC ADVISEMENT AND REGISTRATION
The undergraduate catalog, schedule of classes, and registration calendar can be found online at registrar.siu.edu.
A list of SIU academic advisement offices and contact information can be found at advisement.siu.edu.

COLLEGE OF AGRICULTURAL, LIFE, AND PHYSICAL SCIENCES
• The School of Earth Systems and Sustainability received a $1.33 M National Science Foundation project that will fund scholarships for transfer students. The goal is to train more sustainability focused geoscientists.
• Our 2,000-acre on-campus working farm provides hands-on learning opportunities in agricultural systems including equine, livestock production, horticulture, row crops, agricultural mechanics, and sustainable agricultural systems. University Farm’s new equipment partnership with SNAP John Deere provides our students with industry leading technology and data management tools to prepare them for the high-tech agricultural industry. The opening of the Sustainable Farm provides locally-grown, nutrient-dense food for the university dining halls, urban gardening skills for students, and promotes food security to the broader southern Illinois community.
• The Plant Biology Greenhouse and Conservatory contains over 700 species of plants, most not native to Illinois. This collection represents a window into the worldwide diversity of plants.
• Students planning to transfer to a pre-health major are encouraged to begin job shadowing while they are at community college, as many health professional schools require a significant number of job-shadowing hours.
• The Agribusiness Economics program provides an accelerated pathway from a Bachelor’s Degree to a Master’s Degree in only two additional semesters.
• SIU’s hands-on accredited Forestry program includes an immersive 4-week field experience where students develop field skills in beautiful natural settings including the Great Smoky Mountains, Bryce Canyon, Zion, and Rocky Mountain National Parks. The popular program ranks second nationally for B.S. degrees awarded in forestry.
• The SIU Horticulture Research Center provides opportunities for horticulture undergraduate students to work with nationally recognized programs that conduct applied research in cannabis, fruit, and vegetable production. Students also have the chance to gain hands-on learning in producing food sustainably at another SIU Farm location - the Student Sustainable Farm.
• The Shawnee National Forest, SIU Touch of Nature Environmental Center, Crab Orchard Wildlife Refuge, Cedar Lake, and Giant City State Park provide countless opportunities for hunting, hiking, trail riding, fishing, camping, and other nature-based recreation only minutes from campus.
• The School of Chemical and Biomolecular Sciences added a B.S. Degree in Biochemistry.
• The School of Chemical and Biomolecular Sciences will host the Regular Experiences for Undergraduates (REU) and has been funded by the National Science Foundation for another three year cycle.

COLLEGE OF ARTS AND MEDIA
Our Living Learning Community, College of Arts & Media (CAM) is in now in Kellogg Hall & Warren Hall and welcomes students from the following majors: Architecture, Interior Design, Fashion Studies, Art & Design, Journalism & Advertising, Media Arts (Cinema/Radio, Television, Digital Media), Music, Musical Theater, and Theater & Dance.
• The School of Theater and Dance is excited to present a diverse lineup of productions for the upcoming season, including:
  • Ride the Cyclone (Oct 12-15)
  • Wedding Band: A Love/Hate Story in Black and White (Nov 30th, Dec 1-3, 7-10)
  • She Loves Me (Feb 29, Mar 1-3)
  • Big Muddy Festival (Apr 4-7)
  • Criminal Genius (May 2-6)
  • Cinema and Radio, Television & Digital Media have combined into Media Arts. The foundation courses allow students to study or make media every morning, Monday-Friday.
  • We have a converged newsroom for the Daily Egyptian and River Region Evening Edition.

COLLEGE OF BUSINESS AND ANALYTICS
The School of Management and Marketing offers a Center for Supply Chain Management (SCM). Our center is being developed to support students, faculty, and regional firms. Supply chain management is a critical aspect of any business. Students who major in SCM can pursue a career that is both personally and financially rewarding. Studies have shown that 96% of supply chain professionals plan to remain employed in that field for at least the next five years. Median compensation for SCM professionals last year was $98,570. Entry level SCM professionals had an average salary of $85,000. The top 10% of SCM professionals had an average compensation (salary + bonus) of $192,000. The center supports faculty development, experiential learning, student activities and networking opportunities.
• The School of Analytics, Finance and Economics has established a new Business Information Center which allows students to analyze data from businesses and organizations, giving students invaluable experience to find solutions to real-world questions. Students working on these projects provide data-driven recommendations, just as many college graduates are expected to do in the business world.
• The Hospitality, Tourism and Event Management program is launching a tourism branch of the Center for Delta Studies within the Office of Innovation and Economic Development at the Dunn-Richmond Center that will conduct tourism research and provide education and tourism development opportunities to the Southern Illinois Region.
• In the October 2022 Chicago Mercantile Exchange derivative trading competition, a team of College of Business and Analytics graduate students placed 9th out of 498 schools worldwide. The previous year our undergraduate student team placed among the top 10% in the global competition.
• American Marketing Association (AMA) placed first in the international marketing research competition as part of the AMA International Collegiate Conference in Chicago. In addition to the research competition, the SIU AMA chapter competed in the Marketing Strategy CASE competition and ranked in the top 45 in the world for the third year in a row.
• SIU Carbondale business student members in the American Marketing Association (AMA) placed first in the international marketing research competition as part of the AMA International Collegiate Conference in Chicago. In addition to the research competition, the SIU AMA chapter competed in the marketing strategy CASE competition and ranked in the top 2 in the world for the third year in a row.

SCHOOL OF EDUCATION
We are now offering online-only programs in a
Helpful courses to transfer in for individual programs:

- Bachelor of Science in Biomedical Engineering with a specialization in Cyber Systems & Security
- Bachelor of Science in Computer Engineering
- Bachelor of Science in Electrical Engineering with specialization in Power and Energy Engineering
- Bachelor of Science in Energy Engineering and Aerospace

**COLLEGE OF ENGINEERING, COMPUTING, TECHNOLOGY, AND MATHEMATICS**

- The College of Engineering, Computing, Technology, and Mathematics is made up of 6 schools offering 12 degree programs with 9 specializations available.

**SCHOOL OF ELECTRICAL, COMPUTER, & BIOMEDICAL ENGINEERING**

- Bachelor of Science in Electrical Engineering with a specialization in Power and Energy Engineering
- Bachelor of Science in Computer Engineering with a specialization in Cyber Systems & Security Engineering
- Bachelor of Science in Biomedical Engineering with a specialization in PreMedical Engineering

**SCHOOL OF CIVIL, ENVIRONMENTAL, AND INFRASTRUCTURE ENGINEERING**

- Bachelor of Science in Civil Engineering with a specialization in Environmental Engineering
- Bachelor of Science in Civil and Family Services: EDUC 214

**SCHOOL OF COMPUTING**

- Bachelor of Science in Information Technology

**SCHOOL OF MECHANICAL, AEROSPACE, AND MATERIALS ENGINEERING**

- Bachelor of Science in Mechanical Engineering with specializations in Energy Engineering and Aerospace Engineering

**SCHOOL OF APPLIED ENGINEERING & TECHNOLOGY**

- Bachelor of Science in Industrial Management & Applied Engineering
- Bachelor of Science in Electrical Engineering Technology
- Bachelor of Science in Technical Resource Management

**SCHOOL OF MATHEMATICAL AND STATISTICAL SCIENCES**

- Bachelor of Science in Mathematics with specializations available in Actuarial Mathematics, Data Science, and Mathematics Education
- Can’t join us on campus? We offer 4 online degree options:
- Saluki Step Ahead - Bachelor of Science in Information Technology and Bachelor of Science in Industrial Management & Applied Engineering are available through the Saluki Step Ahead program
- All technology and engineering degree programs offered through the College are eligible for the Capstone Option advantage. Our college-level Support Office offers free tutoring in all classes, as well as mentoring, co-op, internship, and job placement assistance.

**COLLEGE OF HEALTH AND HUMAN SCIENCES**

**SCHOOL OF AUTOMOTIVE**

- We are a direct employment pipeline for more than 30 corporate partners in the automotive and mobility industries including: General Motors, Ford, Chrysler/ Stellantis, Cummins, Navistar, ALLY, Bosch, Toyota, Rivian, and more.
- We now offer an online “plus two” (±)2 Bachelor of Science Degree in Automotive Management.

**SCHOOL OF AVIATION**

- We have joined the Endeavor Aviation Maintenance Pathway (AMP) and Student to Endeavor Pilot (STEP) programs that are designed to educate, engage, and mentor flight and technician students who want to become AMTs and Pilots with Endeavor Air.
- We are now accepting applications to the Online Master of Science in Aviation.
- We offer an online Bachelor of Science degree in Aviation Technologies.
- A new Delta Airlines Agreement... the “Propel” collegiate pilot career path program offers a direct employment pipeline for SIU Aviation graduates!
- In September, we launched an exciting new partnership with United Airlines - a pilot career development program named “Aviate.”

**SCHOOL OF HEALTH SCIENCES**

- We are now offering a new Cardiac-Interventional Specialization available in Radiologic Sciences.
- New this semester, a minor in Infection Prevention & Control is being offered.
- We now offer a new certificate available in Infection Prevention & Control.
- Rehabilitation Services will offer a minor in Substance Use and Addictive Disorders.
- Health Care Management, Radiologic Sciences Management/Education Specialization, Dental Hygiene Management/Education Specialization, Mortuary Science and Funeral Services, and the RN to BSN option are now available online for degree completion.
- An online leveling option is available in the undergraduate Communication Disorders and Sciences program.

**SCHOOL OF HUMAN SCIENCES**

- Our school is excited to announce a new SIU Social Work & DCFS University Partnership Program.
- Our new Master of Human Sciences includes concentrations in Exercise Science, Interdisciplinary Human Sciences, Nutrition & Dietetics, and Sports & Recreation Administration.
- An Accelerated MS in Human Sciences is available.
- Master of Social Work (MSW) and Master of Public Health (MPh) are now offered 100% online.
- New minors are now available in Nutrition and Public Health/Health Care Management.
- We now offer a dual-degree option in Public Health and Health Care Management.
- We are excited to announce both a new Trauma Fellowship and a new DCFS Stipend Program.

**SCHOOL OF JUSTICE AND PUBLIC SAFETY**

- The Criminology and Criminal Justice online program was ranked #7 nationally by Forbes Advisor.
- The Criminology and Criminal Justice and Paralegal Studies programs offer dual degrees with the law school allowing eligible students to complete both degrees in as few as six years.
- The School of Justice and Public Safety offers a new and innovative Conservation Law Enforcement certificate with classes drawn from Criminology and Criminal Justice and Forestry.
- The Public Safety Management degree can be completed entirely online or by taking SIU classes offered at Joliet Junior College and Harper College.

**SCHOOL OF PSYCHOLOGICAL AND BEHAVIORAL SCIENCES**

- New this year, our B.A in Psychology is offered 100% online.
- We will offer a minor in Behavior Analysis & Therapy.

**COLLEGE OF LIBERAL ARTS**

- CoLA consists of 8 Schools including Africana and Multicultural Studies; Anthropology, Political Science, and Sociology; Communication Studies; Languages and Linguistics; Literature, Writing, and Digital Humanities; and History and Philosophy.
- The College has created a new center: Center for Virtual Expression (CvEx). This center incorporates the former Digital Humanities Lab. Students within CoLA (and any major across campus) can use virtual reality, artificial intelligence, augmented reality, and podcasting for projects. Currently, English majors make the most use of the Center (this goes along with the School of Literature, Writing, and Digital Humanities new specialization: Digital Narrative Creative Writing).
- Communication Studies and Political Science both now offer a 3+3 program with the SIU School of Law: students would complete their BS or BA in those respective programs in 3 years and then finish their JD in the following 3 years. Students will first be accepted into these programs for Fall 2024.
- Linguistics now has a BA track in American Sign Language Linguistics.
- Communication Studies is finalizing a BS in Public Relations and BS in Communication, Advocacy, and Leadership.
- School of Africana and Multicultural Studies will soon have an Asian American and Diaspora Studies Minor available.
- Women, Gender, and Multicultural Studies (WGSS) recently hired a full-time director for the program. Expect expansion in this area.
- Sociology is expanding in the area of Medical Sociology (two new hires this fall).
- CoLA currently offers two completely online degrees: Human Sciences University Studies. University Studies is also available as a B.S. or B.A. and is a customizable degree based on the needs and goals of individual students.
- The History BA online degree is part of the Saluki Step Ahead program for transfer students.
- School of Literature, Writing, and Digital Humanities (English) is currently finishing up creating their online BA degree program.
