ACADEMIC COLLEGE & DEPARTMENTAL SHOWCASES

Showcase Instructions
- Please visit the college/departamental table at the Academic College Fair between 10 and 11 a.m.
- Verify the meeting place for the showcase with the college department representative.
- Please make sure to arrive at the meeting place at 1 p.m.
- Showcase numbers below correspond with location. See map on page 4.

1. College of Agricultural Sciences
   Agriculture Building, Room 209
   Come see why the College of Agricultural Sciences should be your next home! Learn more from faculty, staff, and current students about all the college has to offer. Our Living Learning Communities, classes, labs, and of course our 2,000 acre on-campus farm system are just a few topics that will be discussed!

2. College of Applied Sciences and Arts
   School of Health Sciences
   Department Showcase locations will vary by department. Sign up 10-11am at department tables during the Academic College Fair.
   The School of Health Sciences offers a wide variety of programs in the health care field: Communication Disorders, Dental Hygiene, Funeral Service, Health Care Management, Mortuary Science, Nursing, Physical Therapist Assistant, Radiologic Sciences, and Rehabilitation Services. Join us for an in-depth information session about the fast-growing industry and how we can help you find the career best suited for you!

3. School of Architecture
   Quigley Hall, Room 119
   The School of Architecture has been laying the foundation for success with bachelor's degree programs in Architecture, Interior Design, and Fashion Design and Merchandising. Stunnning portfolios emerge from a friendly and innovative studio culture preparing graduates for entry into high level positions in their chosen careers. Join us for an in-depth information session to learn more about how the School of Architecture can help you draw the plans for your professional career!

4. School of Information Systems and Applied Technologies
   ASA Building, Room 106
   The Information Systems Technologies program prepares students for careers in a wide variety of work settings that rely on computerized information technologies to accomplish organizational goals. In addition to providing awareness of technological, economic, political, social, and cultural factors many courses require significant “hands-on” computer activities related to applications software, networking communications, an computer troubleshooting and maintenance ensuring that students come out of our program ready to apply their skills in the field.

5. College of Engineering
   Engineering Building, A Wing, Room A-131
   The College of Engineering is one of the fastest growing colleges on campus. Join us for an in-depth information session to learn about our majors. Check out our award-winning, student-built moonbuggy, or one of our other student projects, and take a tour of our college to see how engineering students get hands-on experience at SIU.

6. College of Education and Human Services
   Departmental Showcase locations will vary by department. Sign up 10-11am at department tables during the Academic College Fair.
   We’ll introduce you to our hands-on learning labs and present exciting academic/professional opportunities in: Early Childhood, Elementary Education, Secondary Education, Special Education, Public Health, Recreation, Exercise Science, Social Work, Sport Administration, Workforce Education & Development, and Behavior Analysis & Therapy.

7. College of Liberal Arts
   School of Art and Design
   Allyn Building, Room 103
   The School of Art and Design conducts tours of its facilities as interest warrants. Please see a representative at the Art and Design table to arrange yours!

8. Criminology and Criminal Justice
   Parkinson, Room 108
   The Department of Criminology and Criminal Justice at Southern Illinois University is one of only approximately 45 programs in the country to offer B.A., M.A., and Ph.D. degrees in the field. Join us for an information session, meet faculty and students, and learn how SIU Criminology and Criminal Justice can help you!

9. Department of Economics
   Banterra Center
   Come try a data science activity that uses economic data and cutting-edge software to predict the income benefits of going to college. Our world-renowned faculty train students to explain and predict market outcomes, and regular economic coursework can be paired with real-world economics internships and engaging student interactions via the Economics Club and Blockchain Economics Club. Generous scholarship money, for economics majors, is a bonus, as is a bachelor’s + master’s fast-track combined college degree in economics.

10. Department of Psychology
    Life Science II, Room 285D
    The Department of Psychology is one of the strongest and most diverse programs on campus. We offer a wide range of courses and choices for students with varied interests and career plans. Come meet students and faculty excited to tell you more about the programs and opportunities for you in Psychology at SIU.

11. College of Mass Communication and Media Arts
    Communications Building, Deans Conference Room 1032
    Learn more about the College of Mass Communication and Media Arts from our own faculty and students. You will learn about our majors, student involvement opportunities, internships, resources, and more. Explore our studio spaces and media labs as you come to see why our college is right for you. (Presentation and tour will last about an hour).

12. College of Science
    Neckers, Room 240
    The College of Science is dedicated to the study of the biological, physical, and informational worlds. The innovative research of our faculty and students today will lead to advancements tomorrow. Visit our showcase to discover how to be successful as a science student and how to train as a future science professional.
